

## Concept Map Document Cover Sheet

Document: How to Make (More) Money

School District: Rochester School District

Context: This document was originally created for employees at the high school in the fall of 2006 and posted in the staff room. It was distributed to all new teachers and then distributed to all mentors in the district to pass on to their mentees. This document can be found under the standard of Orientation, concept organizer Membership in School Community, element Tools and Tips.

Purpose: To inform/educate new and current staff about various ways to supplement their incomes.

Goal(s): Staff members will have an understanding of existing contract language, available funds, and how to access them.

Reflection: This document was very informative, but it is something that needs to be updated each year, as well as tailored to each individual building.
